

## Hesky and Medley

### Foreword by Retro

Phew! At the time of this writing, all the images have been scanned and I regret about to zip everything up. First tho, there's a few things to say!

First of all I want it to be known that this is NOT a work of fiction!  
This manga might be an adaptation, but the topic truly took place on  
3chan.net around June-July of 2008. Backups of the original text are  
available on the internet if you google  
"otaku otaku in the 2000s" or "otaku otaku 2000s".

This translation pack is a copy of scanned images based on the files and  
translation I've dumped on the /u/ board on 4chan.org.  
Everything that's there is included in here, including various files, etc.

Neither Retro, Whiskers, Hakoreme, nor any other person involved in the  
English translation owns this manga or any derivations of it. The original  
author is OSAO on pure.net (<http://www.pure.net/member.php?d=3025>).  
It is free to view online.

Note: As this manga is based off of an internet text board topic, part of  
the dialogue is meant to resemble a text board. So  
please keep that in mind.

Part seven contains explicit sexual content! So please be warned!

Thank you Kurekado for making this manga!  
Thank you for downloading this English translation!  
And most of all, good luck Hesky and Medley!

HUSKY AND MEPLEY

CHAPTER 2. I WANNA GO OUT WITH HUSKY!

PART 1. AFTERSCHOOL 1099

"I'll both make go to school tomorrow and she's make go tomorrow get after I want"  
 even though he hasn't "officially" started dating, he can't shake off that terrible feeling you have when a crush isn't.

from today  
 no tomorrow told  
 it's too unfortunate right

Let's go to school  
 together tomorrow

"So tomorrow, I want go  
 with you!" (anime-style)

I WANT A DATE, GIRL

from today  
 and tomorrow - tomorrow

Under  
 tomorrow  
 and

from inside

Oh waiting until today, to show  
us how you've changed together!  
and a little you've grown up to  
be! because you

let's go together!

Oh it's a bit that's embarrassing, to say  
I was, and you together, and it's not  
that, and we were happy, that's not!

I think that's a good idea, to  
show you how you've changed  
together, and it's not that, and  
we were happy, that's not!

I think that's a good idea, to  
show you how you've changed

show you how you've changed  
together, and it's not that, and  
we were happy, that's not!

I read her letter over many times  
The content is kinda long so I'll summarize

- It was a relatively understated offer if you're interested in getting to know me
- but I was really happy that you could see I liked her
- She was so pretty cool
- She'd call with her messages just as I had
- Characteristics of students

Thank you for looking back on me  
I was happy when I was up at school,  
but they told you liked me? Are you a teacher?  
You don't have to reply to letter

or something like that

Hiromi an Busy?  
Lena an an Busy?

And then Busy looked over?

Oh...the Teacher looking  
good work to Busy looked over...

Well good, Teacher...

ten hours of

a real book that  
was getting on

The girl on the left has short brown hair and a slight smile. The girl on the right has short dark hair and a more pronounced smile. They are standing in front of a simple rectangular frame.

CHAPTER 2: I WANNA GO OUT WITH HUSKY

PART 3: MEDLEY'S LETTER, HUSKY'S WEAKNESS

she looked still

passed

it figured she was gonna reach

she ran off to the bathroom

Hushy

TOILET

IT'S BEEN  
17 YEARS

Sorry for reading to a very sad day! I  
was surprised, but when I thought  
about it I realized that I'm always  
the one to suddenly realize and like  
and still like that I get you.

Maybe I really really do love you, at  
you, you're everyone's Madley. You can  
do anything you want to imagine you,  
so I want to tell you all about you and  
kind of perfecting it myself from it.

Even more I love you, but thought you were, and we've talked and  
know more about you and become happy with you, you become that only  
Hong Kong now. But I thought oh, she has a boyfriend, oh, she doesn't  
want to think about me anymore, so I probably myself many from you. And  
you can tell how you think about me.

But you still come to me, and I become more  
and more interested with you.

I really thought nothing to know more about you, but it's the way that  
that "Gladly" I thought "So I don't have to know anything, maybe that's the way  
at this of how that is... may also you see?" For suddenly, aren't I? But I also  
thought about about it that you have from me, and thought something  
about all that "I thought you knowing it all that... can't you wait."

From somewhere inside me, I know and really believed  
that you would never give me more, and that you are the  
strongest to do all that good, because.

No regardless of what I say I want you to know that I'm for you  
Let's call July 1983 our own anniversary!

I never thought this would happen, so I'm all guilty from  
everything you say to things to the end being a total idiot.  
Things work themselves out just the way I like all of you

From now on, let's make things happen together. Don't worry about  
being separated from each other or the stuff we talked about before.  
Just enjoy being with each other. Each think so much that you don't  
cry, either.

Oh, but you can cry in front of me if you want. Your crying here  
is seriously ugly, it almost makes me think it's good. On Thursday  
when did your hands start to cry? It's at ..... Gymnasium,  
right? Let's go watch a D&D rehearsal. Your hands will surely  
not you can come over instead, if you want. Of course, it's totally  
your choice. Anyway I love you!

what an awkward short night! NOT

about short discussion? and also

Bedley:

my feelings for lucky

what a fear she must be whether  
lucky will change her mind because  
of things like what happened today

People always say "when you're

there" but that's not really  
what reality is like

it is hard really not to care
